

KELLY RYAN CENTERLINE PRO

Benefits

- Apron speeds up to 20' per minute for fast truck unload
- Self-cleaning tunnel (**no need for tunnel clean out**)
- Bagger and platform are individually wheeled for portability

Standard Features

- 100" rotor with 92 packing bars with tine caps
 - Puts up to 15% more in the bag than bottom-pack units
 - Packs more punch from the center, with less H.P., for tighter, more uniform bags of feed
 - Higher quality feed due to more even packing
- Self-cleaning tunnel
- 14" cable drums with single-wrap cables for up to 200' bag
- 2" diameter cable drum shaft
- American-made RC-160 roller chain main roller drive
- 3-7/16" bore tapered TIMKEN roller bearing on drive and idler end
- Dual mechanical brake calipers
- Bag lift with cradle
- Dual 667X pintle apron chains
 - Provides positive load movement
- Hydraulic cable rewind
- 2" double endplate
 - Prevents silage juice from reaching the main motor bearing
- Remote grease bank for all rotor bearings
- Four-port hydraulic quick connect
 - Makes setup easy
- On-board hydraulic jacks
 - Makes it easy to convert to operating position
- Self-contained hydraulic system with 55-gallon reservoir

Standard Equipment

- Bondioli 2201 Gearbox
 - 540 rpm, 1000 rpm PTO
 - Same gearbox as Centerline Pro, rated at 150 horsepower
- 100' patented "Centerline" raised packing rotor
 - Puts up to 15% more in the bag than bottom-pack units
 - Packs more punch from the center, with less H.P., for tighter, more uniform bags of feed
 - Higher quality feed due to more even packing

Optional Features

- Hydraulic brake with hand pump and gauge
