ROLL-O-MATIC

The barn curtain that adjusts at the touch of a button!

If you are searching for a curtain system designed and built to last, easy to operate and maintain, and looks great up or down, then Roll-O-Matic is the curtain system for you.

We offer electric motors and drives. The end pocket helps keep the curtains in place even in strong wind gusts. Adjust your curtains anytime of the day with no strain. Your back will thank you.

Snap on PVC pipe protects lower edge against wear.

Standard 2" GatorShield structural 14 ga pipe used to make all vertical curtain retainer tracks.

- No ropes or straps to rot and break
- No pulleys to rust or cables to fray

Only rodents will love the old style curtains that spend half the year lying on the ground! Roll-O-Matic curtains never touch the ground.

Highest UV Inhibitor
Longer curtain life
Backed by a
7 Year Warranty

DRI Automated Curtain Systems are the highest quality and the most innovative curtain wall systems on the market today.

We offer a high quality 1600 denier 12-ounce Nova-thene curtain that is box lock stitched to provide the quality you desire and deserve. The UV inhibitor assures a longer curtain life. Our curtains are designed to withstand heavy winds, snow, and seasonal harshness. They are also resistant to bacteria and fungus.

Why a Roll-O-Matic Curtain?

EXPERIENCE - We have extensive experience in designing and manufacturing products that fit each barn. Our custom built systems allow us to modify our system to fit barns with special needs.

KNOWLEDGE - We know and understand how to help you tackle those tough challenges builders and farmers can face when it comes to choosing the right design for a curtain system.

PERFORMANCE - DRI has a long list of satisfied customers who have operations in size anywhere from 100-8000 head. Customers consider DRI to be the top choice for curtains compared to the competition because of our rugged durability, simplicity of operation, and extremely high quality.

SERVICE - Our technicians offer service before & AFTER the sale to ensure that your curtain is always as dependable as we are.

**Tired of your curtains lying on the ground all year?
Get the full value of air quality control at the touch of a button!**

“You can have barn curtains that look like the curtain on the top left, or the Roll-O-Matic Curtains that look and operate great and last for years.”

- Dan Mormann, New Vienna, Iowa
