

WATERING SOLUTIONS

Nipple Bars

SDI's Nipple Bar is the practical solution for successfully weaning young piglets onto wet/dry feeders. The Nipple Bars are fitted with quick-attach clamps for securing to gating. After the pigs are started on wet/dry feed, the bars can be easily removed.

Available in different sizes - 2 to 12 nipples per side on one side (single) or both (double).

Features

- Option of Edstrom or SDI nipples
- Quick-attach mounting clamps: works on 5/8" – 3/4" bar
- Top clip made to fit standard 1.5" x 1.5" gate top angle

Double Sided Nipple Bars

SDI Nipples

Edstrom Nipples
